DEPARTMENTAL PENNANT GOING TO AGRICULTURE

League Race Seems to be All Over But the Shouting. Fielding of Leaders Has Been Excellent. Justice Off Color.

Although seventeen games of the sched- | Interior. ule remain to be played, the pennant of hames. Parnhart be floating over Secretary Rice's head the Agricultural Department now.

The recent defeats of Interior a Commerce and Labor practically those teams out of the running, and i Farmer outfit, and one Jimmie Saunde

n particular.
The work of this excellent slab art during the past week has shown him be one of the best amateur pitchers the District, for there are few twirle in town capable of duplicating Saunde feat, when on Friday last he let Laborites, renowned for their consi ently heavy batting, down with one single hit.

Farmers Field Finely.

The team behind Saunders was naturally inspired to play winning ball, and frequently fancy fielding stunts by Wiley. Winston, and Co. cut off what would elsewhere have gone for hits. During the last two weeks the Farmers' improvement has been so consistent that they have gained twenty-three points in club fielding, and pulled from fourth up into the leading position again.

There were many who, in predicting the outcome of the pennant race and the chances of the Redmen and the Laborites, banked on the Agriculturists dropping two out of the four games to be played during the past ten days. Two of these games were postponed on account of rain, but in the two which the Farmers did play they showed no wear, no tendency to slump, but rather improved in each contest, until the last splendid exhibition on Friday.

Navy Sinks.

Navy Sinks.

Postoffice and Commerce and Labor both fell down to fifth when the Farm ers and the strengthened Shawites passed them. Interior and War also showed considerable improvement and each managed to climb one rung, leaving Jus-

tice on the ground floor.

Captain Kleinschmidt is the only man on Justice who fields creditably and

on Justice who fields creditably and holds the fielding honors in the league with a clear record for all seventeen games which Justice has played.

Torney still leads the "thieves," but Will Taylor, of Agriculture, and Barnhart, of Interior, are only eight bases behind, and the way Taylor is running bases at present it looks that in the remaining five games which Agriculture has to play he has a fine chance to equal or better Torney's mark.

Interesting Side Race.

One of the most interesting contests is the race for the last position in the ing large crowds at the Mahone lot. first division. Navy holds it now, but There is no doubt but the people down The Marquette League batting averages up to and including all games played to last Thursday show that the St. Patrick team is leading in team batting, with St. Peter's second and Trinity and Immaculate tied for third. St. Dominic is fourth, with Holy Name lagt.

Loeffler, of St. Peter, is the best individual batter, with a percentage of 545, while Ebbert, of St. Dominic, is second, with 538, and McNinch, of Trintity and the position.

Navy holds it now, but has a hard schedule ahead, while War and Schedule ahead, while War and Justice, tie for Fifth place, are fighting hard to land the position.

The Postoffice-War game which was for the second time postponed on account of rain, is scheduled for August 15. and as these two teams have split even this year, this contest will be a fitting termination of the season.

The official fielding averages to date are:

MARQUETTE LEAGUE NOTES

managers the St. Peter-St. Dominic game of last Tuesday was protested by the St. Peter's management and was laid on the table for action later.

The Marquette League has been draw-

Cook, of St. Patrick, is one of the coming stars of the league. In the game with the St. Dominics last week he was "It" with a capital "I," fanning

other evening made a statement that he was positive that Manager Langley of St. Peter learned to bat by taking lessons from a correspondence school. If Langley learned to bat in that manner he had better take a few lessons on "How to catch a fly ball."

J. Colliflower, of St. Peter, still has

St. Peter played St. Vincent at River View the other day and with the score inning and three Turnerites on the bases and none out, Chappell, who had fanned three times previously, knocked the sphere into the mud back of second base, where it was lost. That was surely the limit, and St. Vincent won,

Manager Callan, of St. Patrick, has He has secured Al Ogle, Lawson, "Buck" Shedd, and Cook, and has several other good men on the string.

The police at the Mahone lot need a few pointers. When asked to move back the crowd the other day they very curt-ly refused.

The batting averages take in all games up to Thursday, August 2.

The league certainly appreciates the hard work performed by Mr. Barber, while three of the league officials are out of town. The three absent ones are, the Rev. Eugene Hannan, T. E. Healy, and Capt. E. C. Edwards.

To date the League has sixteen postponed games and the regular schedule does not expire until the thirteenth.
